

### CS MH 3A 580

Semiautomatic carton sealer: the tape sealing on the top and on bottom flaps of american type boxes, fixed sizes and easy and fast manual regulation. The boxes are fed by two lower side belts, driven by a single motor ensuring a smooth carton transport. The changeovers are fast and easy through adjustments by handles.

The adjustments for the different formats are carried out using flywheels.

#### **Automatic self-dimensioning carton sealer with manual boxes positioning and pneumatic flap closer device**

Width from 150 a 580 mm .

Height from 120 to 480 mm.

Length from 200 to 550 mm.

The boxes are fed by lateral side belts

Machine with head for sealing tape with width mm.48 – 72 mm

Tension V.220 mono-phase Hz.50, power Kw.0,40

Overall layout dimensions mm.1650 x 980

Transferbelt velocity 19 mt/minute

Medium production power 1000 boxes/hour

Machine weight 280 Kg.

Working table height adjustable from 590 a 750 mm + 890 mm

Colors: ral grey 9006 and ral blue 5013
